OUT-OF-TOWN CALLS

STATION CALLS
—When you place a call for anyone who answers at an individual line or party-line telephone or private branch exchange switchboard.

STATION CALLS are placed by calling Long Distance or dialing Operator and telling the Operator who answers the city or town you want, the out-of-town telephone number, if you have it, or the name and address under which it is listed.

PERSON CALLS
—When you want to reach a particular person, or a particular extension telephone or department connected through a private branch exchange switchboard.

PERSON CALLS are placed by calling Long Distance or dialing Operator and telling the Operator who answers the city or town, the out-of-town telephone number, if you have it, or the name and address under which it is listed, and the name of the person, the extension telephone number or department you want.

COLLECT CALLS
Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada, and to certain overseas points, may be collected at the called telephone.

LONG DISTANCE CALLS GO THROUGH FASTER WHEN YOU CALL BY NUMBER.

Station Rates to Some Out-of-Town Points

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY
RATES ARE FOR 3 MINUTES. Federal Tax is not included in the Rates.

FOR FASTEP SERVICE
On Out-of-Town Calls

Free **BLUE BOOK**
of Telephone Numbers

TWO SIZES

Out-of-town calls go through faster when you give the operator the telephone number!

This attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of out-of-town numbers. It is available in two sizes . . . large for home or office use and small for your pocket or purse.

To obtain the size you want without charge, just call, write or visit your business office.

As an extra service we shall be glad to look up out-of-town numbers for you and enter them in your copy of the Blue Book. Just call or write the telephone business office in your community and give us the names and addresses of the people you want listed.

San Luis Obispo County Telephone Directory

DECEMBER 1953 ISSUE—CONTAINING LISTINGS IN EFFECT NOVEMBER 16, 1953

Copyright, 1953, by The Pacific Telephone and Telegraph Company

EMERGENCY CALLS

Please determine the Fire and Police Departments which serve you and write their numbers in the spaces provided below.

FIRE CALLS

If you are served by:	*Call*
Arroyo Grande Fire Dept.	Arroyo Grande 2345
Atascadero Fire Dept.	Atascadero 56
California Polytechnic Fire Dept.	San Luis Obispo 2308
Calif State Div. of Forestry Fire Control Station	Nipomo-WAbash 9-4451
Cambria Fire Dept.	Cambria 83
Cayucos Fire Dept.	Cayucos 2691
Grover City Fire Dist.	Arroyo Grande 2145
Morro Bay Fire Dept.	Morro Bay 4821
Oceano Fire Dist.	Arroyo Grande 2110
Paso Robles Fire Dept.	Paso Robles 20
Pismo Beach Fire Dept.	POplar 6-4422
San Luis Obispo Fire Dept.	San Luis Obispo 5
Shell Beach Fire Dept.	Pismo Beach-POplar 6-4622
Templeton Fire Dept.	Templeton 4311

POLICE CALLS

If you are served by:	*Call*
Arroyo Grande Police Dept.	Arroyo Grande 2121
California Highway Patrol	San Luis Obispo 218
Nipomo Constable	Arroyo Grande 2538
If no answer call	San Luis Obispo 2850
Paso Robles Police Dept.	Paso Robles 810
Pismo Beach Police Dept.	POplar 6-2255
If no answer call	San Luis Obispo 2850
San Luis Obispo County Sheriff's Office	Arroyo Grande 5548 / Atascadero 12 / Morro Bay 2631 / San Luis Obispo 2850
San Luis Obispo Police Dept.	San Luis Obispo 31
Federal Bureau of Investigation	For the Telephone Number Call "Information"

Or You May Call or Dial Operator

and ask for the proper Fire or Police Department such as "Paso Robles Fire Dept.", "Sheriff's Office", etc., and an attempt will be made to connect you with the required number.

The above list has been arranged from the best information obtainable; the Company does not, however, guarantee it to be complete, or in all cases correct.

My FIRE Call No._____ **My POLICE Call No.**_____

My DOCTOR_____

TO PLACE SERVICE CALLS

	From NON-DIAL Telephones ASK FOR	From DIAL Telephones DIAL
INFORMATION **For local numbers not in this directory**	"Information"	Operator and ask for "Information"
REPAIR SERVICE **To report a telephone out of order**	"Repair Service"	Operator and ask for "Repair Service"
ASSISTANCE ON CALLS	"Supervisor"	Operator
BUSINESS TRANSACTIONS **Orders for Telephone service, Payments, etc.**	"Business Office"	Operator and ask for "Business Office"
TIME OF DAY **The charge for "Time of Day" is the same as the charge at your regular rate for any other local call**	"Time"	Operator and ask for "Time" **(From Arroyo Grande telephones dial 8900)**

TO PLACE OUT-OF-TOWN CALLS

Upon Request, the Operator Will Notify You at the End of a Stated Period of Time on Toll Calls.

	From NON-DIAL Telephones ASK FOR	From DIAL Telephones DIAL
CALLS TO OUT-OF-TOWN POINTS	"Long Distance"	Operator
CALLS TO SHIPS AND AIRCRAFT	"Long Distance"	Operator

HOW TO DIAL

REMEMBER

1. Get the correct number from the current telephone directory. If listing is not found, please call "INFORMATION".
2. Lift the receiver and listen for the "hum" of the dial tone.
3. Dial the number.
4. Let the dial return freely after each figure is dialed. Forcing or retarding the return motion may result in a wrong number.

OTHER SUGGESTIONS ON DIALING

—Be careful not to mistake the letter "O" for the figure "0" (zero); or the letter "I" for the figure "1" (one).

—If you realize a mistake in dialing has been made, hang up for a moment. After listening for the dial tone again, redial the complete number.

—From an extension or party line telephone, if you hear someone else dialing when you lift the receiver, tell him you have interfered with his call. Then hang up and make your call later.

If, while dialing, you hear someone else come on the line, tell him the line is in use. When he hangs up, replace the receiver for a moment. Then after hearing the dial tone again, redial the complete number. Otherwise, a wrong number may result.

TO CALL ANOTHER TELEPHONE ON YOUR PARTY LINE

To ascertain the telephone number of a party on your line call "REPAIR SERVICE".

To call a party on your line dial a special number which you may obtain from Repair Service. When dialing is completed replace the receiver. Your telephone and the called telephone will ring at regular intervals until the called party answers. When ringing stops, remove the receiver and begin conversation. If ringing is not stopped after a reasonable period, stop the ringing by momentarily lifting the receiver.

COIN TELEPHONES

Instructions on placing calls from a coin telephone are posted on or near the telephone instrument. Some coin telephones require the deposit of a coin in order to signal the operator or to dial a call. For others no deposit should be made until the called party has answered, therefore be sure to read the instructions on the particular telephone before depositing any money.

On calls to Operator, Information, Repair Service, the Business Office, or if the called party does not answer there will be no charge. On calls to toll points the operator will inform you of the exact amount of money to be deposited for the initial period of conversation. Please report any service difficulties or coin collection errors to the operator.

TO PLACE A CALL FROM A MAGNETO TELEPHONE

1. If you have a party line
   Make sure the line is not in use before signaling.
2. With the receiver on the hook
   Signal the operator by turning the crank briskly at least three turns.
3. Then lift the receiver
   When the operator answers, give her the number you wish to call.
4. On completion of your conversation
   After hanging up turn the crank at least three turns to let the operator know you are through talking. She will then disconnect you.
5. If it is necessary to recall the operator during a connection
   Replace the receiver and turn the crank briskly. Then remove the receiver and listen for the operator's answer.

TONES AND SIGNALS

DIAL TONE—A continuous steady "hum," the signal to start dialing.

RINGING SIGNAL—A "burring" tone repeated at regular intervals.

BUSY SIGNAL—A steady "buzz-buzz" tone.

IF NO SIGNAL IS HEARD WITHIN A REASONABLE TIME AFTER DIALING—Hang up. Look up the number to be sure it is correct. Then, after waiting for the dial tone, dial the complete number again. If again no signal is heard, dial Operator and report the condition to her.

VOICE RECORDING SIGNAL—A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

DEC 28 1953

DIRECTORY FACTS AND OTHER MATTERS

COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. As a matter of good service, the Telephone Company retains ownership of telephone directories.

DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. If you desire copies, they may be obtained, at an additional charge, by arrangement with the Business Office.

ATTACHMENTS TO TELEPHONES

In the interest of good service, please do not use any devices on telephone equipment except those furnished by the Company. The devices claimed by agents to eliminate noise, to destroy germs, etc., are usually detrimental and interfere with good service.

IDENTIFICATION OF EMPLOYEES

Each employee of this Company who regularly visits the public is provided with a photographic identification card. This card, which is properly countersigned, shows the employee's name, signature and photograph. If you doubt the right of a person to represent himself as an employee of this Company and he cannot furnish an identification card, please call the Business Office.

DIRECTORY ERRORS

Every reasonable effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

TELEGRAMS

To send a telegram follow directions under the alphabetical directory listing for Western Union for your local service area. (If there is no Western Union listing for your local service area, call or dial Operator and ask for Western Union.)

RATES

Rates and practices included in this directory are based upon those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

OTHER SERVICES

ARCHITECTS AND BUILDERS SERVICE

A free advisory service on advance planning of telephone service arrangements in new homes and other building construction is available, to architects, owners and builders. Extensive and costly alterations after the completion of the building are frequently avoided through proper advance planning for telephone outlets. Call the Telephone Company Business Office and ask for "Architects and Builders Service".

ASSISTANCE TO FARMER LINE OWNERS

Telephone Company experts are ready to help farmers who own and maintain their own telephone lines in solving their telephone problems. Advice is available without charge to those desiring assistance in improving and extending farm telephone service in a particular locality. Call the manager at your nearest telephone Business Office for advice.

SHIP AND AIRCRAFT TELEPHONE SERVICE

Two-way telephone communications are available between any land telephone and ships or aircraft having suitable radiotelephone equipment when within range of telephone company radiotelephone stations. For further information, call your telephone company business office.

PERSONAL TELEPHONE LIST

LONG DISTANCE CALLS GO THROUGH FASTER WHEN YOU CALL BY NUMBER. JOT IT DOWN FOR FUTURE USE.

To Speed Service
Please look up
The number first!

Each new issue of the Telephone Directory contains an important percentage of listings that are new or changed.

Many new telephones have been installed. Many people have changed their places of residence or business.

PLEASE CONSULT THE DIRECTORY FIRST

extension telephones are so handy yet cost so little

For only a few pennies a day you can enjoy the convenience of an extra telephone in your home.

Extensions go almost anywhere in the home—in the bedroom or basement . . . in the den, kitchen, or garage . . . wherever you spend a lot of time. And the cost is small . . . only pennies a day. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

Pacific Telephone

You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!"—it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls.

So, next time your telephone rings, won't you try to answer as quickly as you can?

Pacific Telephone

Saves time...

to look up numbers before you call

You'll get numbers right the first time if you look up those there's some question about. Telephone numbers have a way of getting twisted when you rely on memory alone. So, if there's any doubt, look up the number. Thank you.

You'll save time when you call long distance by number

A special occasion call to far away family members . . . an important business call to another city . . . any long distance call goes through faster when you call by number.

So next time you have an out-of-town call to make —remember you'll get faster service if you give the operator the number you're calling—rather than just the name and address.

for your list of personal numbers

This FREE BOOKLET is yours for the asking. It's the handy way to keep out-of-town numbers . . . and frequently called local numbers . . . always at your fingertips. To get your free booklet—just telephone, send a postcard or drop in at your nearest Pacific Telephone business office.

Pacific Telephone

Make "Phone Plans" part of your Home Plans...

built-in telephone facilities are inexpensive

Whether that dream home you're going to build is a mansion or a simple cottage, the cost of installing built-in telephone facilities during construction will be well within your budget.

Conduit (that's a metal tube concealed in the wall through which wires are drawn when your telephone service is installed) leads to locations where telephone instruments would be handiest and most serviceable. Whether your immediate need is for a single telephone, or for several, you meet it more practically and economically this way. It permits locating the instruments where most convenient. You avoid marring finished walls or bringing exposed wire along the baseboards.

We maintain an Architects' and Builders' Service at no cost to you to help you match good "Phone Plans" with your preferred Home Plans. Call on us before building begins.

The Pacific Telephone and Telegraph Co.

Need help from a tree service expert? Find one fast in the Yellow Pages of your telephone book.

Use the Classified Directory often. Saves time in finding almost everyone in town who fixes things, sells things, does things.

You'll find it fast in the YELLOW PAGES

QUICK BRASS CLEANER

You can clean copper and brass instantly by rubbing with a mixture of vinegar and salt. The finish won't last as long as with regular metal polish, but the mixture does a fine job.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Automobile Trucks

See Trucks–Motor, Dealers Headings

Here's how you may be sure of getting your party more often when you dial.

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

When you want to find a **business** concern in a hurry

Look in the YELLOW PAGES

They contain almost every type of commercial enterprise in easily found classifications.

Party-Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

POPPING GOOD IDEA

Place kernels in the refrigerator an hour or so before using. Makes good popping certain.

Don't Throw It Away

Things around the house you consider useless—may need only minor repairs to make them serviceable. Call a service man near you.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

H. I. O. CHIROPRACTIC
"it's Different"

H. I. O. Chiropractic removes the cause of Dis-Ease. Our office is fully equipped with neurocalometer, X-Ray, Fluoroscope.

What is H. I. O. Chiropractic? H. I. O. Chiropractic is the modern up-to-date Chiropractic system of locating the exact point of nerve pressure and removing that pressure in a specific manner by hand only.

The Neurocalometer is a scientific precision instrument that locates the nerve pressure which is the cause of Dis-Ease. The X-Ray pictures the abnormal condition and position of the spinal bone or bones that cause the nerve pressure resulting in Dis-Ease.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

A thoughtful party-line user answers her telephone bell promptly . . . places her own calls accurately, so that they do not have to be placed again . . . does not monopolize the telephone at the inconvenience of others . . . teaches children, too, the little telephone kindnesses . . . and when her telephone is not in use, sees that it is hung up.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

EXPLOSION IN OVEN?

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

PARAMOUNT PEST CONTROL SERVICE OF SAN LUIS OBISPO 1461 Palm . . SnLuisObspo 2448

Here's how you may be sure of getting your party more often when you dial.

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

To speed service please look up the number first!

Each new issue of the Telephone Directory contains an important percentage of listings that are new or changed.

Many new telephones have been installed.

Many people have changed their places of residence or business.

Please consult the directory first.

You'll get quicker service when you dial if you follow these simple steps:

1. **Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.**
2. **Dial each letter and digit of the number in its right order.**
3. **Draw the dial all the way to the finger stop.**
4. **Remove your finger and let the dial return naturally, without forcing or hurrying.**
5. **If you make a mistake while dialing, hang up for a few seconds and then start your call again.**

More and more, business men are finding that it pays in good will to place and receive their telephone calls with as little time-lag for the other fellow as possible. They place their own calls or stay close to the telephone when they tell someone else to do it.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

Here's how you may be sure of getting your party more often when you dial.

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

EXPLOSION IN OVEN?

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

in SAN LUIS OBISPO it's

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

Don't forget to plan for concealed telephone conduit and convenient locations for telephone outlets when you build your new home. These built-in telephone facilities add real value to a home, yet their cost is very small if they are installed during construction.

The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through."

It Pays
To Answer Telephone Calls
PROMPTLY

Prompt answering of a telephone's ring is thoughtful, courteous—and good business.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

When
NAME
or
ADDRESS
Is Forgotten

Someone has told you of a certain concern or you've read their advertising somewhere.

LOOK IN THE
Classified
TELEPHONE
SECTION

You probably will recognize the name or address when you see it.

To speed service please look up the number first!

Each new issue of the Telephone Directory contains an important percentage of listings that are new or changed.

Many new telephones have been installed.

Many people have changed their places of residence or business.

Please consult the directory first.

Share a party line?

These easy pointers can help you and your party line neighbor enjoy even better telephone service: When you have a series of calls to make, allow a few minutes between them • Replace the receiver properly after calling • If you have a dial telephone, make sure the line is not in use before you dial • Ask the children to be considerate, too. You'll not only be a good telephone neighbor if you do . . . but others will have a better chance to reach you!

Pacific Telephone

The humming Dial Tone is your signal that the telephone equipment at the Central Office is ready to receive your call.

Sometimes in these war-busy days you may pick up the telephone to dial a number and not hear that familiar hum immediately. This probably means you have called when there is no room for your call on the central office equipment just at that moment.

By waiting before starting to dial—until you hear the Dial Tone—you avoid having to start all over.

Everybody's co-operation will enable us to handle thousands more calls every day.

WILLOW SPRINGS MAINTENANCE CAMP

Calif. Div. of Highways, Agent **Call Long Distance**

extension telephones now available for your home

For just pennies a day you can enjoy the convenience of an extra telephone.

Extensions are handy so many places. In the breakfast nook or basement . . . in bedrooms, the den, or garage . . . in any part of your home where you spend a lot of time, an extension is a time-saver and step-saver. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

Pacific Telephone

It's easy to make friends on the telephone, too

1. When you answer promptly, you show friendly courtesy to the person calling. Of course, it's sometimes impossible to reach the telephone within the first ring or two, so when you're making a call, give the other person time to answer —at least six rings.

2. When you talk directly into the transmitter and speak naturally and distinctly, your voice will come through clearly. Lips about half an inch from the transmitter give best results. Your listeners will appreciate these little telephone courtesies and you won't have to repeat words as often.

3. When you look up numbers in the telephone directory, you help insure getting the right number when you call. Many telephone users keep a handy list of frequently-called numbers, for they know that a "wrong number" wastes their time and that of the other party.

Thank you!

The Pacific Telephone and Telegraph Company

Just a reminder...

Built-in telephone outlets are inexpensive

It costs little to install conduit for a number of telephone outlets at the time a house is built... and it's a wise economy, even if only one telephone is needed immediately.

Future telephones can then be added without bringing exposed wires in along baseboards or molding.

Outlets add real value to a house. So plan ahead for them. Call or dial your local Telephone Business Office and ask for information about extra built-in telephone outlets.

The Pacific Telephone and Telegraph Company

Cowboy Clem

...figures that folks who share party-lines will all get the most from their service if they'll remember this round-up of party-line rules...

a round-up of party-line rules

Space your calls instead of making a whole series of them... and talk only as long as necessary.

If yours is an emergency call, and the line is in use, explain the circumstances to the person using the line.

If you are calling from a dial telephone, always make certain the line is clear before you dial.

When the children use the telephone, ask them to be considerate, too.

Replace the receiver properly when you finish your call.

Thank you!

There's a "go signal" on your dial telephone, too

The steady "hum-m-m" of the dial tone tells you it's time to go ahead and dial. That's your telephone's way of saying the equipment is ready to handle your call. During busiest hours, you may have to wait a few moments for the tone. But please wait until you hear it before you dial. For that's the only way the equipment can serve you properly. Thank you.

Get the right number first

Get it from the directory. If there's any doubt about it, look up the number before you call. It's mighty easy to get numbers twisted if you depend on memory alone. And since looking up numbers in the directory is so easy, it's a good way to save time in making your calls.

Van Required

He's Inspired

Quickly Hired

Moving problem? Whether you need a piano toter or a house hauler, you can locate things fast by a glance at the Yellow Pages. Your handiest guide to most every sales or service is in the easy listings of the Classified Directory of your Telephone Book. Refer to it first.

You'll find it fast in the YELLOW PAGES

OUT-OF-TOWN CALLS

STATION CALLS
—When you place a call for anyone who answers at an individual line or party-line telephone or private branch exchange switchboard.

STATION CALLS are placed by calling Long Distance or dialing Operator and telling the Operator who answers the city or town you want, the out-of-town telephone number, if you have it, or the name and address under which it is listed.

PERSON CALLS
—When you want to reach a particular person, or a particular extension telephone or department connected through a private branch exchange switchboard.

PERSON CALLS are placed by calling Long Distance or dialing Operator and telling the Operator who answers the city or town, the out-of-town telephone number, if you have it, or the name and address under which it is listed, and the name of the person, the extension telephone number or department you want.

COLLECT CALLS
Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada, and to certain overseas points, may be collected at the called telephone.

LONG DISTANCE CALLS GO THROUGH FASTER WHEN YOU CALL BY NUMBER.

Station Rates to Some Out-of-Town Points

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY

FOR FASTER SERVICE
On Out-of-Town Calls

Free **BLUE BOOK**
of Telephone Numbers

TWO SIZES

Out-of-town calls go through faster when you give the operator the telephone number!

This attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of out-of-town numbers. It is available in two sizes . . . large for home or office use and small for your pocket or purse.

To obtain the size you want without charge, just call, write or visit your business office.

As an extra service we shall be glad to look up out-of-town numbers for you and enter them in your copy of the Blue Book. Just call or write the telephone business office in your community and give us the names and addresses of the people you want listed.

HOW TO PLACE OUT-OF-TOWN CALLS

Upon request, the Operator will notify you at the end of a stated period of time on toll calls

	From NON-DIAL Telephones	From DIAL Telephones
TO OUT-OF-TOWN POINTS TO SHIPS AND AIRCRAFT	Ask for "Long Distance"	Dial Operator

Station Calls—When you will talk with anyone who answers the number you are calling.

Person Calls—When you want us to connect you with a particular person or private switchboard extension rather than anyone who answers. The charge is slightly more than for a station call.

Collect Calls—When you want the call charged to the number you are calling. The minimum charge for a collect call is 30c. Otherwise, collect calls cost no more than other toll calls. Please make your request to the Long Distance Operator when you place your call.

Overseas Calls (including Alaska)—Information or the availability of telephone service to overseas points and the rates applicable may be obtained from the Overseas Operator. Some typical weekday rates for a 3-minute call:

ARGENTINA AUSTRALIA BRITISH ISLES ITALY JAPAN PHILIPPINE IS. VENEZUELA	$12.00	BAHAMAS BERMUDA PANAMA PUERTO RICO VIRGIN IS.	$9.00	HAWAII	$7.50

ALASKA

Anchorage	$8.25
Fairbanks	8.25
Juneau	6.75
Ketchikan	6.75
Nome	9.00
Seward	8.25

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

STATION RATES TO OUT-OF-TOWN POINTS

NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. to 4:30 A.M. AND ALL DAY SUNDAY

RATES ARE FOR 3 MINUTES AND DO NOT INCLUDE FEDERAL EXCISE TAX

Rates shown below are those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

FOR FASTER SERVICE On Out-of-Town Calls

FREE

Blue Book of Telephone Numbers in Two Sizes

Out-of-town calls go through faster when you give the operator the telephone number!

This attractive Blue Book of Telephone Numbers provides a handy place for keeping your personal list of out-of-town numbers. It is available in two sizes . . . large for home or office use and small for your pocket or purse.

To obtain the size you want without charge, just call, write or visit your business office.

See Inside Back Cover for rates from Atascadero, Morro Bay and Pismo Beach.

CALIFORNIA HIGHWAY PATROL (For Emergency Calls Only) Ask Operator for **ZEnith 1-2000**

FEDERAL BUREAU OF INVESTIGATION (F.B.I.)—For the Telephone Number Call "Information"

Or You May Call or Dial Operator and ask for the proper Fire or Police Department such as "Paso Robles Fire Dept.", "Sheriff's Office", etc., and an attempt will be made to connect you with the required number.

The above has been arranged from the best information obtainable; the Company does not, however, guarantee it to be complete, or in all cases correct.

My FIRE Call No._____ **My POLICE Call No.**_____ **My DOCTOR**_____

SERVICE CALLS

	From NON-DIAL Telephones ASK FOR	From DIAL Telephones DIAL
REPAIR SERVICE (To report a telephone out of order)	Repair Service	Operator and ask for Repair Service
ASSISTANCE ON CALLS	Supervisor	Operator
BUSINESS TRANSACTIONS (Orders for Telephone Service, Bills, etc.)	Business Office	Operator and ask for Business Office
TIME OF DAY (The charge is the same as the charge at your regular rate for any other local call)	Time	Operator and ask for Time

From Arroyo Grande telephones dial 8900

TO OBTAIN TELEPHONE NUMBER INFORMATION

For local numbers not in this directory, call local Information.

From DIAL telephones, dial Operator and ask for Information.

From NON-DIAL telephones, ask for Information.

For telephone numbers at all other points dial Operator, or from non-dial telephones ask for Long Distance. Then ask the operator who answers for Information for the place you want to call; for example: "I want Information for Sacramento."

HOW TO DIAL

REMEMBER

1. Be sure the number is correct and that it may be dialed direct from your telephone.
2. Lift the receiver and listen for the dial tone.
3. Dial the listed number. If the number includes a prefix with the first two letters capitalized, dial these two letters and the numeral in the prefix, then the remaining figures of the number. Otherwise dial only the figures of the listed number.
4. Let the dial return freely after each letter or figure is dialed. Forcing or retarding the return motion may result in a wrong number.

OTHER SUGGESTIONS ON DIALING

—Be careful not to mistake the letter "O" for the figure "0" (zero); or the letter "I" for the figure "1" (one).

—If you realize a mistake in dialing has been made, hang up for a moment. After listening for the dial tone again, redial the complete number.

—From an extension or party line telephone, if you hear someone else dialing when you lift the receiver, tell him you have interfered with his call. Then hang up and make your call later.

If while dialing you hear another person come on the line, tell him the line is in use. When he hangs up, replace the receiver for a moment. Then, after hearing the dial tone again, redial the complete number. Otherwise, a wrong number may result.

TO CALL ANOTHER TELEPHONE ON YOUR PARTY LINE

To obtain the telephone number of a party on your line call "REPAIR SERVICE".

To call a party on your line, dial a special number which you may obtain from Repair Service. When dialing is completed replace the receiver. Your telephone and the called telephone will ring at regular intervals until the called party answers. When ringing stops, lift the receiver and begin conversation. If ringing is not stopped after a reasonable period, stop the ringing by momentarily lifting the receiver.

COIN TELEPHONES

Instructions on placing calls from a coin telephone are posted on the telephone instrument. Some coin telephones require the deposit of a coin in order to signal the operator or to dial a call. For others no deposit should be made until the called party has answered. Therefore be sure to read the instructions on the particular telephone before depositing any money.

On calls to Operator, Information, Repair Service, the Business Office, or if the called party does not answer there will be no charge. On calls to toll points the operator will inform you of the exact amount of money to be deposited for the initial period of conversation. Please report any service difficulties or coin collection errors to the operator.

TONES AND SIGNALS

DIAL TONE—A continuous steady "hum", the signal to start dialing.

RINGING SIGNAL—A "burring" tone repeated at regular intervals.

BUSY SIGNAL—A steady "buzz-buzz" tone.

IF NO SIGNAL IS HEARD WITHIN A REASONABLE TIME AFTER DIALING—Hang up. Look up the number to be sure it is correct. Then, after waiting for the dial tone, dial the complete number again. If again no signal is heard, dial Operator and report the condition to her.

VOICE RECORDING SIGNAL—A short high "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

TO PLACE A CALL FROM A MAGNETO TELEPHONE

1. If you have a party line—make sure the line is not in use before signaling.
2. With the receiver ON the hook—signal the operator by turning the crank briskly at least three turns.
3. Then lift the receiver—when the operator answers give her the number you wish to call.
4. When you finish talking—hang up, then turn the crank at least three turns to let the operator know you are through. She will disconnect the line.
5. To recall the operator during a connection—replace the receiver and turn the crank briskly, then lift the receiver and listen for the operator's answer.

JAN 18 1955

BUSINESS TRANSACTIONS

Your telephone account is the responsibility of a service representative in our business office, whose job is to make sure that your telephone service is at all times as satisfactory as it can be. Whether you're moving to a new location, have a question about your bill, or about your telephone service, she'll be glad to help you.

BUSINESS BY TELEPHONE—For your convenience, our Business Office may be called as shown on page one. When you call, simply give your telephone number to the attendant who answers and ask for your Service Representative. There is no charge for these calls.

IF YOU PREFER TO CALL IN PERSON—Business Offices are open from 8:30 A.M. to 5:00 P.M., Monday through Friday inclusive except on certain holidays, at the following locations.

Arroyo Grande .....117½ E Branch
Paso Robles .....717-14th Street
San Luis Obispo .....872 Morro

YOUR TELEPHONE BILL—You may pay your telephone bill by mail, or in person, at the Business Office Monday through Friday except on certain holidays. For your convenience, you may also pay your bill at any of the locations shown below:

Atascadero.....Bank of America, Traffic Way
Cambria.....The Pac. Tel. & Tel. Co., Bridge Street
Cayucos.....Ghezzi's Store, Ocean Avenue
Morro Bay.....Earl S. Roberts Electric Shop, 5th
Pismo Beach....Bank of America, Pomeroy & Dolliver
Santa Margarita....The Pac. Tel. & Tel. Co., Highway
Templeton....Petersen's General Merchandise Store

When making a payment, please present your bill and bill stub.

Payment by Mail—Please use the return envelope enclosed with your bill, and send us the stub of your bill with your check. If you've mislaid your bill stub, please write your telephone number on your check so we may quickly and accurately credit the payment to your account.

Rates and practices included in this directory are those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

IDENTIFICATION OF EMPLOYEES—Each employee of this Company who regularly visits the public is provided with a photographic identification card. This card, which is properly countersigned, shows the employee's name, signature and photograph. If you doubt the right of a person to represent himself as an employee of this Company and he cannot furnish an identification card, please call the Business Office.

OTHER MATTERS

ATTACHMENTS TO TELEPHONES—In the interest of good service, please do not use any devices on telephone equipment except those furnished by the Company. The devices claimed by agents to eliminate noise, to destroy germs, etc., are usually detrimental and interfere with good service.

TELEGRAMS—To send a telegram follow directions under the alphabetical directory listing for Western Union for your local service area. (If there is no Western Union listing for your local service area, call or dial Operator and ask for Western Union.)

YOUR TELEPHONE DIRECTORY

COPIES OF THIS DIRECTORY—Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes. As a matter of good service, the Telephone Company retains ownership of telephone directories. For this reason we ask that they be given to the delivery man at the time the succeeding issue is distributed.

ERRORS—Every reasonable effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of directories.

DIRECTORIES OF OTHER CITIES—Telephone directories of other cities may be consulted at our Business Office. If you desire copies, they may be obtained at an additional charge by arrangement with the Business Office.

ON THE COVER

California State Polytechnic College, one of California's ten state colleges, was established in 1901 and its home campus and farms cover more than 3,500 acres in the foothills of the Santa Lucia Mountains.

Tuition-free, Cal Poly is nationally-known for its learn-by-doing project methods and its "upside-down approach" in which students begin study of their major subjects as freshmen, progressing in their chosen courses to Bachelor of Science degrees in agricultural, engineering and liberal arts fields, or to Master of Arts in Education.

FOUR *Thoughtful* ITEMS OF TELEPHONE PROCEDURE

1. **Please answer promptly.**
2. **Please be on the line when the party you want answers.**
3. **Please speak distinctly and slowly, with the lips just clearing the transmitter.**
4. **Please replace the receiver gently when through talking.**

Share a party line?

These easy pointers can help you and your party line neighbor enjoy even better telephone service: When you have a series of calls to make, allow a few minutes between them • Replace the receiver properly after calling • If you have a dial telephone, make sure the line is not in use before you dial • Ask the children to be considerate, too. You'll not only be a good telephone neighbor if you do . . . but others will have a better chance to reach you!

Pacific Telephone

There's a "go signal" on your dial telephone, too

The steady "hum-m-m" of the dial tone tells you it's time to go ahead and dial. That's your telephone's way of saying the equipment is ready to handle your call. During busiest hours, you may have to wait a few moments for the tone. But please wait until you hear it before you dial. For that's the only way the equipment can serve you properly. Thank you.

extension telephones now available for your home

For just pennies a day you can enjoy the convenience of an extra telephone.

Extensions are handy so many places. In the breakfast nook or basement . . . in bedrooms, the den, or garage . . . in any part of your home where you spend a lot of time, an extension is a time-saver and step-saver. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

Pacific Telephone

it costs so little to call long distance

...much less than you might think, even if you call coast-to-coast. Night and Sunday rates are especially attractive...even lower than the economical day "station" rates.

FOR TYPICAL LOW LONG DISTANCE RATES, SEE THE INSIDE COVER OF THIS DIRECTORY

You won't miss important calls

when you answer promptly. When you have only two cards left to play in an exciting grand slam hand—or in any situation where you'd like to say "Wait a minute!"—it's always a temptation not to answer the telephone immediately. The person calling, though, doesn't know what you're doing and may hang up, thinking you are not at home. That way you may miss important calls. So, next time your telephone rings, won't you try to answer as quickly as you can?

Pacific Telephone

Moving problem? Whether you need a piano toter or a house hauler, you can locate things fast by a glance at the Yellow Pages. Your handiest guide to most every sales or service is in the easy listings of the Classified Directory of your Telephone Book. Refer to it first.

You'll find it fast in the YELLOW PAGES

You'll get quicker service when you dial if you follow these simple steps:

1. Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Remove your finger and let the dial return naturally, without forcing or hurrying.
5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.

Here's how you may be sure of getting your party more often when you dial:
1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

ONIONLESS ONION

If you like potato salad but do not like raw onion, you might try boiling an onion in the water in which you are boiling the potatoes for the salad. This gives the Spuds the flavor of onion.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

H. I. O. CHIROPRACTIC

"it's Different"

H. I. O. Chiropractic removes the cause of Dis-Ease. Our office is fully equipped with neurocalometer, X-Ray, Fluoroscope.

What is H. I. O. Chiropractic? H. I. O. Chiropractic is the modern up-to-date Chiropractic system of locating the exact point of nerve pressure and removing that pressure in a specific manner by hand only.

The Neurocalometer is a scientific precision instrument that locates the nerve pressure which is the cause of Dis-Ease. The X-Ray pictures the abnormal condition and position of the spinal bone or bones that cause the nerve pressure resulting in Dis-Ease.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

CAN YOU TIE THIS?

To keep the string from loosening on a package, wet it before you tie the package. String will shrink as it dries.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

KEEP LIGHT FROM MILK

Keep light from milk to prevent loss of riboflavin, its most important vitamin element. If you don't meet the milkman, leave out a covered, insulated box for bottles of milk. Remember that light hurts milk more than heat does in a short time.

Emergency!
An emergency arises—you need help quickly! Physician, hospital, ambulance, taxi or plumber! The quickest way of finding whom to call is to—

Good neighbors are considerate party line users. Remember these party-line golden rules:

- Space your calls instead of making several of them without a break.
- Talk only as long as you have to on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear to receive your call.
- Ask your youngster not to monopolize the telephone.

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE–

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

Tele-fun
by Warren Goodrich

"Hello—sorry for the delay in answering. I was busy trying a new perfume that just matches my personality!" . . . You won't miss receiving important calls if you answer the telephone promptly . . . Pacific Telephone.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

More and more, business men are finding that it pays in good will to place and receive their telephone calls with as little time-lag for the other fellow as possible. They place their own calls or stay close to the telephone when they tell someone else to do it.

ONIONLESS ONION

If you like potato salad but do not like raw onion, you might try boiling an onion in the water in which you are boiling the potatoes for the salad. This gives the Spuds the flavor of onion.

EXPLOSION IN OVEN?

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Good neighbors are considerate party line users. Remember these party-line golden rules:

- Space your calls instead of making several of them without a break.
- Talk only as long as you have to on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear to receive your call.
- Ask your youngster not to monopolize the telephone.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

Good neighbors are considerate party line users. Remember these party-line golden rules:

- **Space your calls instead of making several of them without a break.**
- **Talk only as long as you have to on each call.**
- **When you finish talking replace the receiver properly.**
- **Make certain, if you are using a dial telephone, that the line is clear to receive your call.**
- **Ask your youngster not to monopolize the telephone.**

REPAIR IT

If the refrigerator, vacuum cleaner, sewing machine, washing machine or radio in your home isn't working properly, call a repair man now. You're sure to find one nearby if you—

Party-Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

A thoughtful party-line user answers her telephone bell promptly . . . places her own calls accurately, so that they do not have to be placed again . . . does not monopolize the telephone at the inconvenience of others . . . teaches children, too, the little telephone kindnesses . . . and when her telephone is not in use, sees that it is hung up.

Good neighbors are considerate party-line users. Remember these party-line golden rules:

- Space your calls instead of making several of them without a break.
- Talk only as long as you have to on each call.
- When you finish talking replace the receiver properly.
- Make certain, if you are using a dial telephone, that the line is clear to receive your call.
- Ask your youngster not to monopolize the telephone.

Party-Line Pointers:
1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

TO REPAIR LINOLEUM

If you have a break in the edge of linoleum, take a good-sized piece of cloth (to reach well beyond the break at all points), cover it with glue and put it beneath the linoleum. Weight it down with heavy objects until it has had time to dry and set.

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

The men and women in the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "the message must go through."

Party-Line Pointers:

1. Space your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

You'll get quicker service when you dial if you follow these simple steps:

1. Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Remove your finger and let the dial return naturally, without forcing or hurrying.
5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.

Good neighbors are considerate party-line users. Remember these party-line golden rules:
- **Space your calls instead of making several of them without a break.**
- **Talk only as long as you have to on each call.**
- **When you finish talking replace the receiver properly.**
- **Make certain, if you are using a dial telephone, that the line is clear to receive your call.**
- **Ask your youngster not to monopolize the telephone.**

A thoughtful party-line user answers her telephone bell promptly . . . places her own calls accurately, so that they do not have to be placed again . . . does not monopolize the telephone at the inconvenience of others . . . teaches children, too, the little telephone kindnesses . . . and when her telephone is not in use, sees that it is hung up.

You'll get quicker service when you dial if you follow these simple steps:

1. Listen for the dial tone. This tone is your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Remove your finger and let the dial return naturally, without forcing or hurrying.
5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.

EXPLOSION IN OVEN?

If you burn the inside of the oven with an exploded potato or something, soak a cloth in ammonia and let it stay on the burned places an hour or so, after which you can scrape the spots clean without harming the enamel.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

TO GLUE FURNITURE

In gluing a loose furniture joint, remember that glue doesn't provide strength in filling an open space, so first put a strip of thin cotton cloth over the piece that fits into the mortise. Then do the gluing, tie the joint firmly together and let it set for 24 hours.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

NEWSPAPER FIREWOOD

To make a small grate or stove fire, or to kindle a big one, use old newspapers which have been rolled up tightly, soaked overnight in water, squeezed out and allowed to dry for several days. The tighter they are squeezed, the better firewood they make.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

A store may not immediately come to the mind of a prospect when special services are desired, such as are offered by a Beauty Salon, Radio or Watch Repairing Department. Many establishments, realizing this, advertise under several classifications in the Classified Directory. Thus they direct more business their way.

A thoughtful party-line user answers her telephone bell promptly . . . places her own calls accurately, so that they do not have to be placed again . . . does not monopolize the telephone at the inconvenience of others . . . teaches children, too, the little telephone kindnesses . . . and when her telephone is not in use, sees that it is hung up.

Have You Thought

Of having a separate business listing in the Telephone Directory under your own name? The charge for these extra listings is small, the convenience often great.

Wrecking–Automobile–See Automobile Wreckers

TO PAINT SCREENS

To paint a screen, or cover it with insect repellent, fasten a piece of old carpet to a block of wood. By using this implement instead of a brush, you will save lots of time and avoid lots of splattering.

Yours for the asking...this free booklet

is an easy way to keep an up-to-date list of local and out-of-town numbers you call often. It's convenient, too, for jotting down new numbers . . . so you'll have them handy the next time you need them.

How to get your free booklet For your free personal number booklet—just telephone, send a postcard, or drop in at your nearest Pacific Telephone business office. Why not get your copy today!
